We respectfully acknowledge that we are on the traditional land of the first people, the Coeur d'Alene, who have occupied the lands that include the City of Coeur d'Alene, Coeur d'Alene Lake and the Spokane River for time immemorial. The Schitsu'umsh are "Those who are found here" or "The discovered people" and they have been telling their story in song and dance for thousands of years in celebration and in hardship. We are fortunate that the Coeur d'Alenes have blessed the land and formed strong relationships to continue as stewards to protect and preserve the land, lake, and other resources. We acknowledge the Tribe's 5 Core Values for decisions related to the land and the future of the Coeur d'Alene people. We are honored to learn, grow, play and live upon the traditional territory of the Coeur d'Alene Tribe and to have the opportunity to work together to improve our land and strengthen our communities for future generations. OTHER BUSINESS: ****ITEMS BELOW ARE CONSIDERED TO BE ACTION ITEMS****

- **Garden District Nomination RFP** – (Burns)
 - o Summary of Proposals
 - o Ad Hoc Committee Recommendation
 - o Award of Contract

Chairman Burns announced at a meeting earlier today the RFP selection committee, Commissioner Sardell, Commissioner Straza, myself and staff discussed the proposals.

Commissioner Sardell provided a recap of the selection process for the two candidates: Diana Painter and Kirk Huffaker.

- Ms. Sardell stated the scoring for the candidate's was based on a points system.
- She commented that that Diana Painter, Preservation Services lives between Spokane and Sonoma California and has worked at a number of places.
- Kirk Huffaker, Preservation Strategies is from Salt Lake City.
- She added that both proposals and lacked sections we would have liked to see more development but continued ranking them accordingly.
- She explained that both candidates worked with Idaho SHPO and met all qualifications for the RFP.
- Staff did call references on both which were discussed among the selection committee.

Chairman Burns announced that the selection committee selected Kirk Huffaker was the winner and that staff will contact Mr. Huffaker to get further clarification on his budget.

Ms. Patterson explained the Mr. Huffaker's budget was lower, but needed clarification from him since some of his budget will be used for travel and if he would be able to accomplish all the work required since the city doesn't have additional funds which was stated in the RFP. She added the goal today was get a recommendation and suggested adding to the motion " If Mr. Huffaker can't meet our expectations the award would go to Ms. Painter" so we don't have to come back for another vote if Mr. Huffaker can't meet our qualifications

Motion by Sardell, seconded by Straza , to recommend the RFP be awarded to Kirk Huffaker, Preservation Strategies based on clarification as discussed and if those questions aren't answered to the satisfaction of the subcommittee the award would go to Diana Painter, Painter Preservations. Motion approved.

- **Subcommittee Reports** (as applicable)

Chairman Burns stated that we did have a subcommittee meeting at the end of the month.

Commissioner Miller commented that the subcommittee met on March 23rd and provided a recap of what was discussed which was: The Garden District Registration of Historic Places Nomination, Infill/Local Historic Districts/Historic Overlays and a Historic Theatre Grant Program. Below are the minutes from the Subcommittee Meeting held on February 23rd.

- RFP is out and responses are due 3/15/23 with selection of the consultant by 4/1/23. SHPO modified the survey related to contributing/non-contributing properties, so this delayed the process. The consultants work will need to be completed by the end of this year.
- There was discussion regarding what is required beyond the survey for a district nomination. The area needs to be categorized with another survey to check forms along with a context statement.
- Also discussed the extent of the work and whether it would be strictly the "streetscape" or if the consultant will include out buildings/shops located adjacent the alleys. This work will be consultant driven and will include meetings/field work.
- 1895-1940 Timeframe of significance, however structures from 1976 back are considered historic.
- Should the Infill be a focus for the commission?
- East Mullan and Government Way has been discussed. Commissioner Emerson had made a contact with people living in the Government Way neighborhood, but there is no liaison yet.
- Establishing a voluntary program for the building permit process was discussed. An effort to share/educate vs. penalizing property owners. The HPC could set up loose historic districts, so when a property in these districts is purchased, the new buyer would receive an educational

pamphlet for remodeling. Disclosure information would be shared with the new buyer. Realtor's Association could assist with this.

- Some of the books that Commissioner Sardell shared with the HPC are great reference material regarding historical American houses. Discussed whether portions of the material could be legally reproduced and/or republished.
- Commissioner Sardell announced that Idaho Heritage Trust has a grant program for historic Idaho theatres. Additional information will be shared at a meeting on March 15th.

Chairman Burning commented at the presentation for the Hamilton house he met a lady who was going door to door in the Government Way area to see if there was any interest for that community to be on the National Register of Historic Places. He stated that she would like to work with this commission and invited her to our next Historical Preservation Meeting on Thursday, April 28th.

Deb Mitchell, citizen inquired if the commission would have any interest on a building located at 201 Indiana that used to be the Oswald Maternity Home. Chairman Burns commented that he drove by this site and said the building was in disrepair with many of the surrounding houses in worse shape. The discussion ensued with the houses and history of the area surrounding this property at 201 Indiana. Commissioner Emerson explained that his friend Ray Johnson knows the history of this area and a great resource if this is something the commission wants to pursue.

Commissioner Sardell stated that it would be helpful to have an oral history from the people who lived in this area to "earmark" and this might be the one we start with in the future. Commissioner Marienau commented that there was a lady at the museum who does oral recording work and will contact the Director of the Museum to get the name of that person if the commission is interested in pursuing this project. Chairman Burning explained the Kootenai County Historic Preservation Commission arranged a workshop on how to do Oral histories. Ms. Mitchell mentioned that she had applied for a grant to buy recording equipment and that the museum has four dozen oral audio histories that were done back in the 80's/90's that was sent to the State Achieves.

Commissioner Anderson stated that the Realtor Association has a podcast room and would ask if we could use this room. Chairman Burns stated that he could ask Courtney Beebe who is the chair of the County Historic Preservation Commission if we could use their recording equipment that was purchased from their budget.

Chairman Burns mentioned doing a volunteer program working with the Building Department to hand out information on Historic Preservation especially when getting a Demo Permit. Ms. Patterson explained that we would have to amend our ordinance which would involve a public hearing, but not for just handing out information. Chairman Burns commented if we can take "baby step's getting information out would be great. Ms. Patterson commented that this information would also be helpful when passing out information to the Garden District about Historic preservation especially to a new homeowner that isn't aware that they might have bought something of historic value that in the future may want to preserve.

Chairman Burns commented that he discussed this with Commissioner Sardell and will try and get something put together before the "kick off" meeting for the Garden District for people to understand what they have. Commissioner Marineau explained when she bought her home was presented a packet of information containing helpful items such as who does what in the community that was helpful and would be nice to have something like this for people who live in these historic districts a list of someone to call if they need something replaced keeping with the historic style of their home. Commissioner Anderson stated that the Association of Realtors would help and mentioned a Smart Grant that we might want to apply for that could help with printing costs and will look into this and bring back the information at the next meeting. Commissioner Sardell added that she could compile a list of contractors that she uses to the next meeting and work on a handout to be ready at our next subcommittee meeting in April.

Ms. Mitchell inquired if the Garden District boundary could be extended. Chairman Burns explained that we can't and if wanted to might extend the process longer.

ADJOURNMENT:

Motion by Miller , seconded by Sardell. to adjourn the meeting. Motion approved.

The meeting was adjourned at 5:00 p.m.

 - He added the main visit for the June meeting is to have the community meeting, research, field work and conducting stakeholder interviews.

Mr. Huffaker concluded his presentation.

Commission Comments:

Chairman Burns commented that he has concerns about the time table and not being able to get all the information together to meet the December deadline. Mr. Huffaker commented that he understands the concerns and based on past experience with various historic district work was given enough time plus I have additional help from my team. He added with this project usually the Reconnaissance Survey needs to be done but with this project that survey was already done, so only some additional field work is needed to supplement what was done in the Reconnaissance Survey. He explained with the extra time will allow me to “play catchup” by being able to “walk the streets” that will give me an understanding of the physical architecture character of the neighborhood.

Chairman Burns explained he is on the Garden District Board and enthusiastic about helping with this nomination and stated that he will be the “point person” for the Garden District since he lives in this area and can answer question since he knows the history of the district. He inquired when you are here in June will you be trying to do stakeholder interviews. Mr. Huffaker explained that he would like to schedule those around the community meeting. Ms. Patterson explained that she had a previous conflict with June 20th which has now gone away and that date would work with SHPO, Mr. Huffaker and the commission. She added that the community meeting would be from 6-7 p.m. and held somewhere in the neighborhood. Mr. Burns explained that there are a number of churches in the area that might work.

Ms. Patterson inquired if Mr. Huffaker could explain the website and what we can expect at the community meeting. Mr. Huffaker explained he previously met with staff and what was discussed is to make sure we provide some engagement materials to promote the meeting ahead of the meeting to get the “word” out. He added by the date of the community meeting I will have a separate website built to collect thoughts/opinions from people including a timeline, so people will know where we are at in the process. He stated that we will also have a flyer explaining what is the National Register and what it does/doesn't do for the community and at the Community meeting will provide a presentation along with SHPO talking about the National Register nomination process similar to what is being presented today.

Chairman Burns inquired how will the website be promoted. Ms. Patterson explained that Mr. Huffaker will be working on a post card/flyer combined with a press release/article that we can post on social media, Next Door and the Garden District Facebook page. She added that we need to get the board and neighbors excited about this event to show up. Chairman Burns stated the community meeting for the survey in 2019 people a few people did show up.

Commissioner Straza inquired how soon will the flyers be available for distribution. Mr. Huffaker stated that flyers will be ready the first of June. Commissioner Straza inquired once the flyers are done how will they get distributed. Mr. Huffaker explained that in our previous meeting with staff they said they would send out a post card to all the property owners in the district that will explain the intent of the meeting with the information placed on social media with a press release to paper and dropping a flyer off at every house. Ms. Patterson suggested having meetings with the stakeholders of the churches/businesses could spread the word about this event.

Mr. Huffaker commented that he is impressed how this group has been preparing for this event and this is a great district and shows the commission is at work.

Dan Everhart, SHPO addressed how the internal review process works within SHPO and how the review board might have an impact to this schedule. He explained when Mr. Huffaker references "final completion" that's a direct reference to the Certified Local Government (CLG) timeline he added that the process/timeline of the nomination, review and approval through the historic sites review board. He suggested if you are putting together a website and before the postcard goes out questioned, if people will be directed with a link through the website or postcard. He added that this will be the first-time people will see any follow up from the October 2019 Kick off Meeting and will be able to look up the information on their property to see if it is contributing/noncontributing within the district. He questioned if there is a way for this website to include ideally an interactive map where people can click on their property or provide a link to the document and search for your address to determine if the property is contributing/noncontributing. He feels that a lot of people will be curious/interested in the status of their property. He stated this would be a great tool and save time at the community meeting when people are asking questions of the status of their property and we can direct them to the website to get that information by providing a link to the document and if further information is need suggested either Ms. Patterson or Chairman Burns could help out.

Ms. Patterson explained that the Reconnaissance survey was never made public because there was some additional forms/follow up from SHPO and questioned if that survey should be public. Mr. Everhart stated that he doesn't have an issue with sharing the entire report.

Mr. Huffaker explained that interactive maps are not doable, but links to information would be doable. Ms. Patterson explained that the city does have a GIS map showing what properties are on the Historic Register within the city and can provide that link on the city website. Mr. Everhart stated by providing links saves time by answering questions on the website.

Jason Tippeconnic SHPO explained how items are reviewed on the Idaho Historic Register where one regular meeting is scheduled for the year that falls on the third Saturday in May 2024.

Mr. Everhart explained the August 2024 date for submittal for the final nomination is correct after the final review by the Historic Sites Review Board. He added that the first draft of the nomination submitted for review in December/January gives SHPO time to make comments/edits with the second review done in March 2024 and the second Community Meeting scheduled in April 2024 followed by the Historic Sites Review Board meeting.

Mr. Huffaker explained if we can stick with the timeline with reviews between December/April questioned if it is possible to make the May 2024 meeting. Mr. Tippeconnic stated it is possible with the draft submitted in December for May 2024 meeting. Mr. Everhart concurs depends on our speed for review but confident first draft will be great and second review will be speedy and be able to place this on the Spring Historic Sites Review Board agenda. He explained that SHPO has a legal obligation to notify every property owner of this pending nomination with a time frame for the notification is 60/ 30 days that should be back dated before the Historic Sites Review board meeting. He added we should have a final draft available based on notification of property owners and give them a link for a draft document and understand their status.

Chairman Burns inquired if that notification will be by mail. Mr. Everhart clarified that the notice has to be sent by mail. Chairman Burns inquired if SHPO will do the mailing or is it the responsibility of staff. Mr. Everhart explained that the commission will supply the addresses and we will provide the notification. Ms. Patterson inquired if that letter should be specific to the property owners address and the status of their property. Mr. Everhart stated that they will be directed where to find the nomination and if you want to be more specific have a list of contributing and another list of non-contributing properties would take more time, but might be worth it to be more personal. Ms. Patterson questioned if there would be any clarification that this is an honoree designation for your property. Mr. Everhart stated that within the letter we explain what it means to have your property be nominated and provide information if they choose to object. He added we expect objections and give the information on how to start the process is important.

Chairman Burns questioned when we send out letters notifying the property owner if their property is contributing/or not will generate more questions than if we refer them to the website. Mr. Everhart concurs and have to weigh the pros/cons of more or less information and if the city has a preference and we are meeting our obligations we will be ok with the city. He added there will be questions.

Ms. Patterson asked SHPO and Mr. Huffaker where do you need help from the commission. Mr. Huffaker commented that he looks forward to learning about the history of the district to understand the district better and how to put the nomination together and when I have gaps will need the commission's help to answer those questions. Mr. Everhart noted the most important thing the commission can do is help promote the public engagement option and opportunities. He added we will need the name and addresses from the city to help with the notification process.

Ms. Patterson announced that June 20th will be the official Community Meeting date.

ADJOURNMENT:

Motion by Straza , seconded by, Anderson to adjourn the meeting. Motion approved.

The meeting was adjourned at 1:30 p.m.
