

PARCEL MAP FILE KEY

Parcel ID List – All parcels outside of the city limits that may be eligible for water service are identified by a County parcel identification number available on the County website at www.kcgov.us/parcelinformationsearch. The corresponding parcel numbers are contained within this list and reference a parcel map page number under the Parcel Map File.

Purple Border – On any parcel map, a purple border indicates that the parcel was identified as an approved subdivision lot and is eligible for water service connection with no additional special requirements. Applicable fees are due at time of connection.

Yellow Border – On any parcel map, a yellow border indicates that the parcel abuts an existing water main outside of the city limits. These parcels are eligible for one water service connection provided that the owner(s) agree to complete a water service agreement. Applicable fees are due at time of connection.

Green Border – On any parcel map, a green border indicates that the parcel is contiguous and therefore must annex into the City prior to a service connection being granted. Once annexation is complete, the parcel is entitled to water service as with any city lot. Applicable fees are due at time of connection.

IMAGE FILE: \NOT USED
DRAWING FILE: \FILE NAME.DWG 00-00-00

NOTES:

All lots or parcels with given bearings and distances were calculated by traverse closure. All other parcels were calculated by the most accurate means possible with the given information (i.e. length multiplied by width, triangulation, planimeter, scaling from existing map, and coordinate geometry). Acreages shown are net assessable; right-of-way, where applicable, has been removed. Distances and arc lengths less than 50' may not be shown due to space limitations. Dimensions in parenthesis denote record and/or platted lot line dimensions.

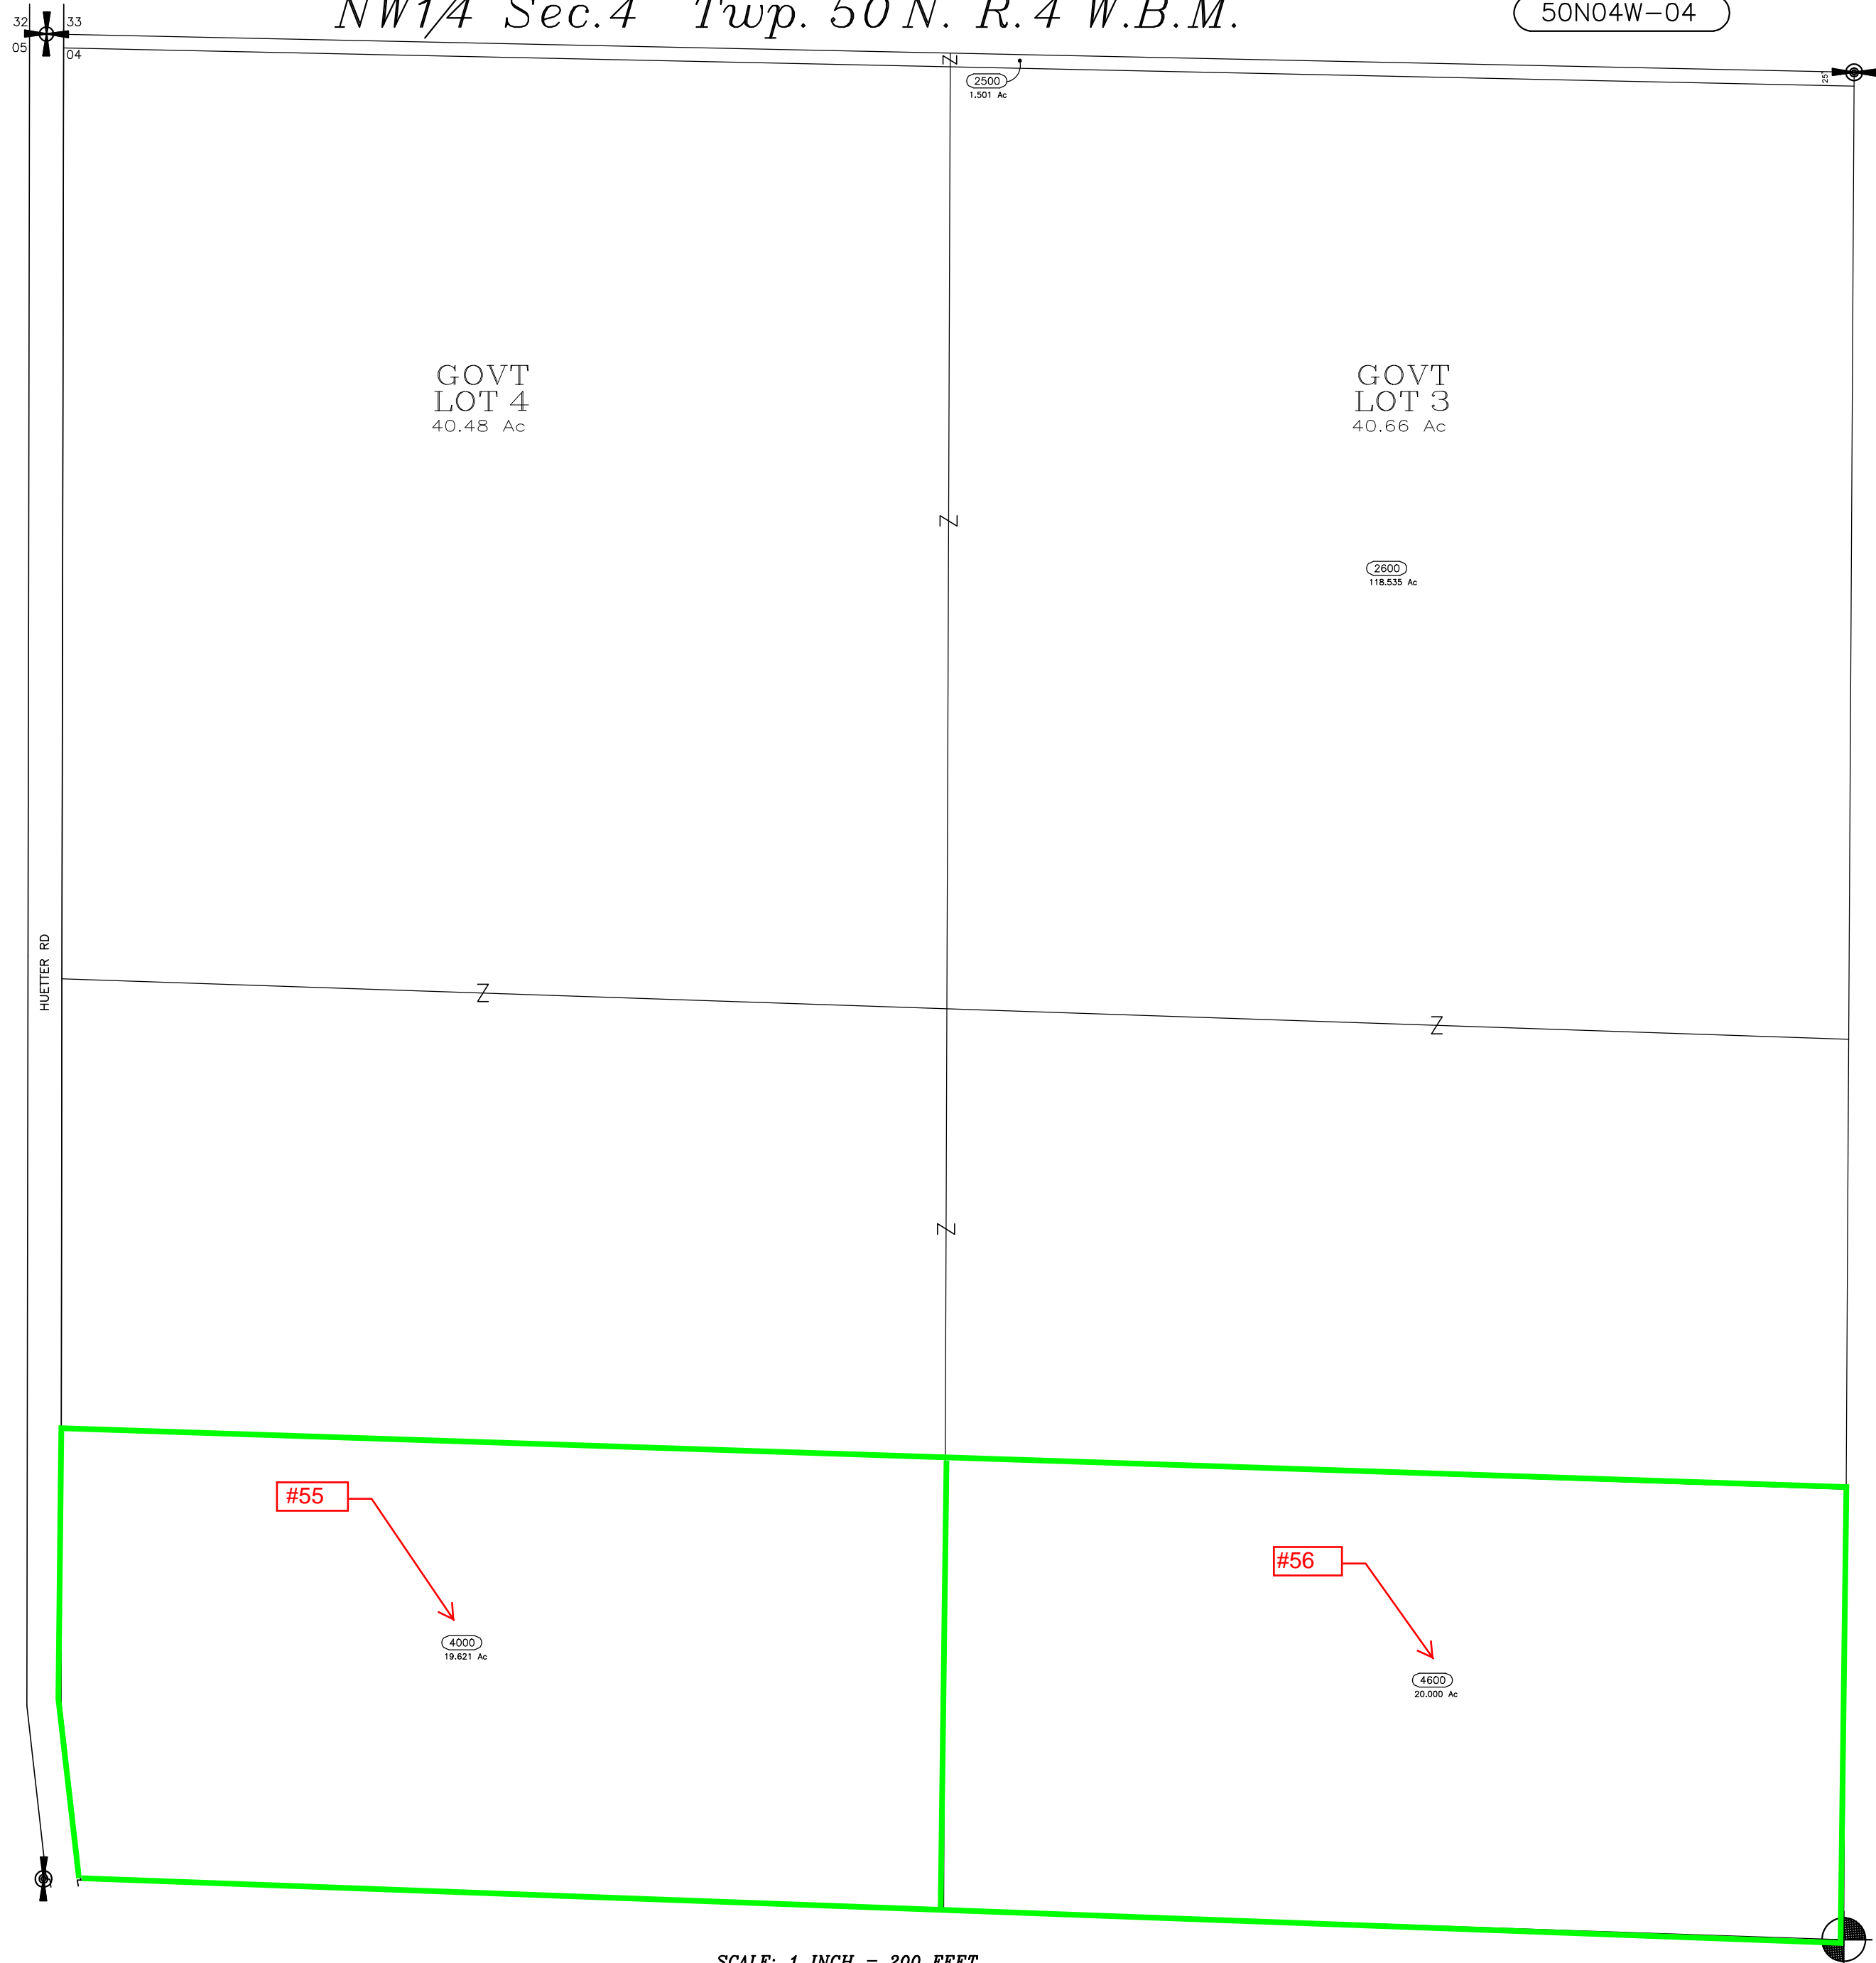

LOCATION OF ROADS SHOWN ARE BASED ON ADDRESSABLE ROAD INFORMATION AND MAY OR MAY NOT BE PUBLIC.

DRAWING FILE: \514W36SW.DWG 00-00-00

NOTES:
All lots or parcels with given bearings and distances were calculated by traverse closure. All other parcels were calculated by the most accurate means possible with the given information (i.e. length multiplied by width, triangulation, planimeter, scaling from existing map, and coordinate geometry). Acreages shown are net assessable; right-of-way, where applicable, has been removed. Distances and arc lengths less than 50' may not be shown due to space limitations. Dimensions in parenthesis denote record and/or plotted lot line dimensions.

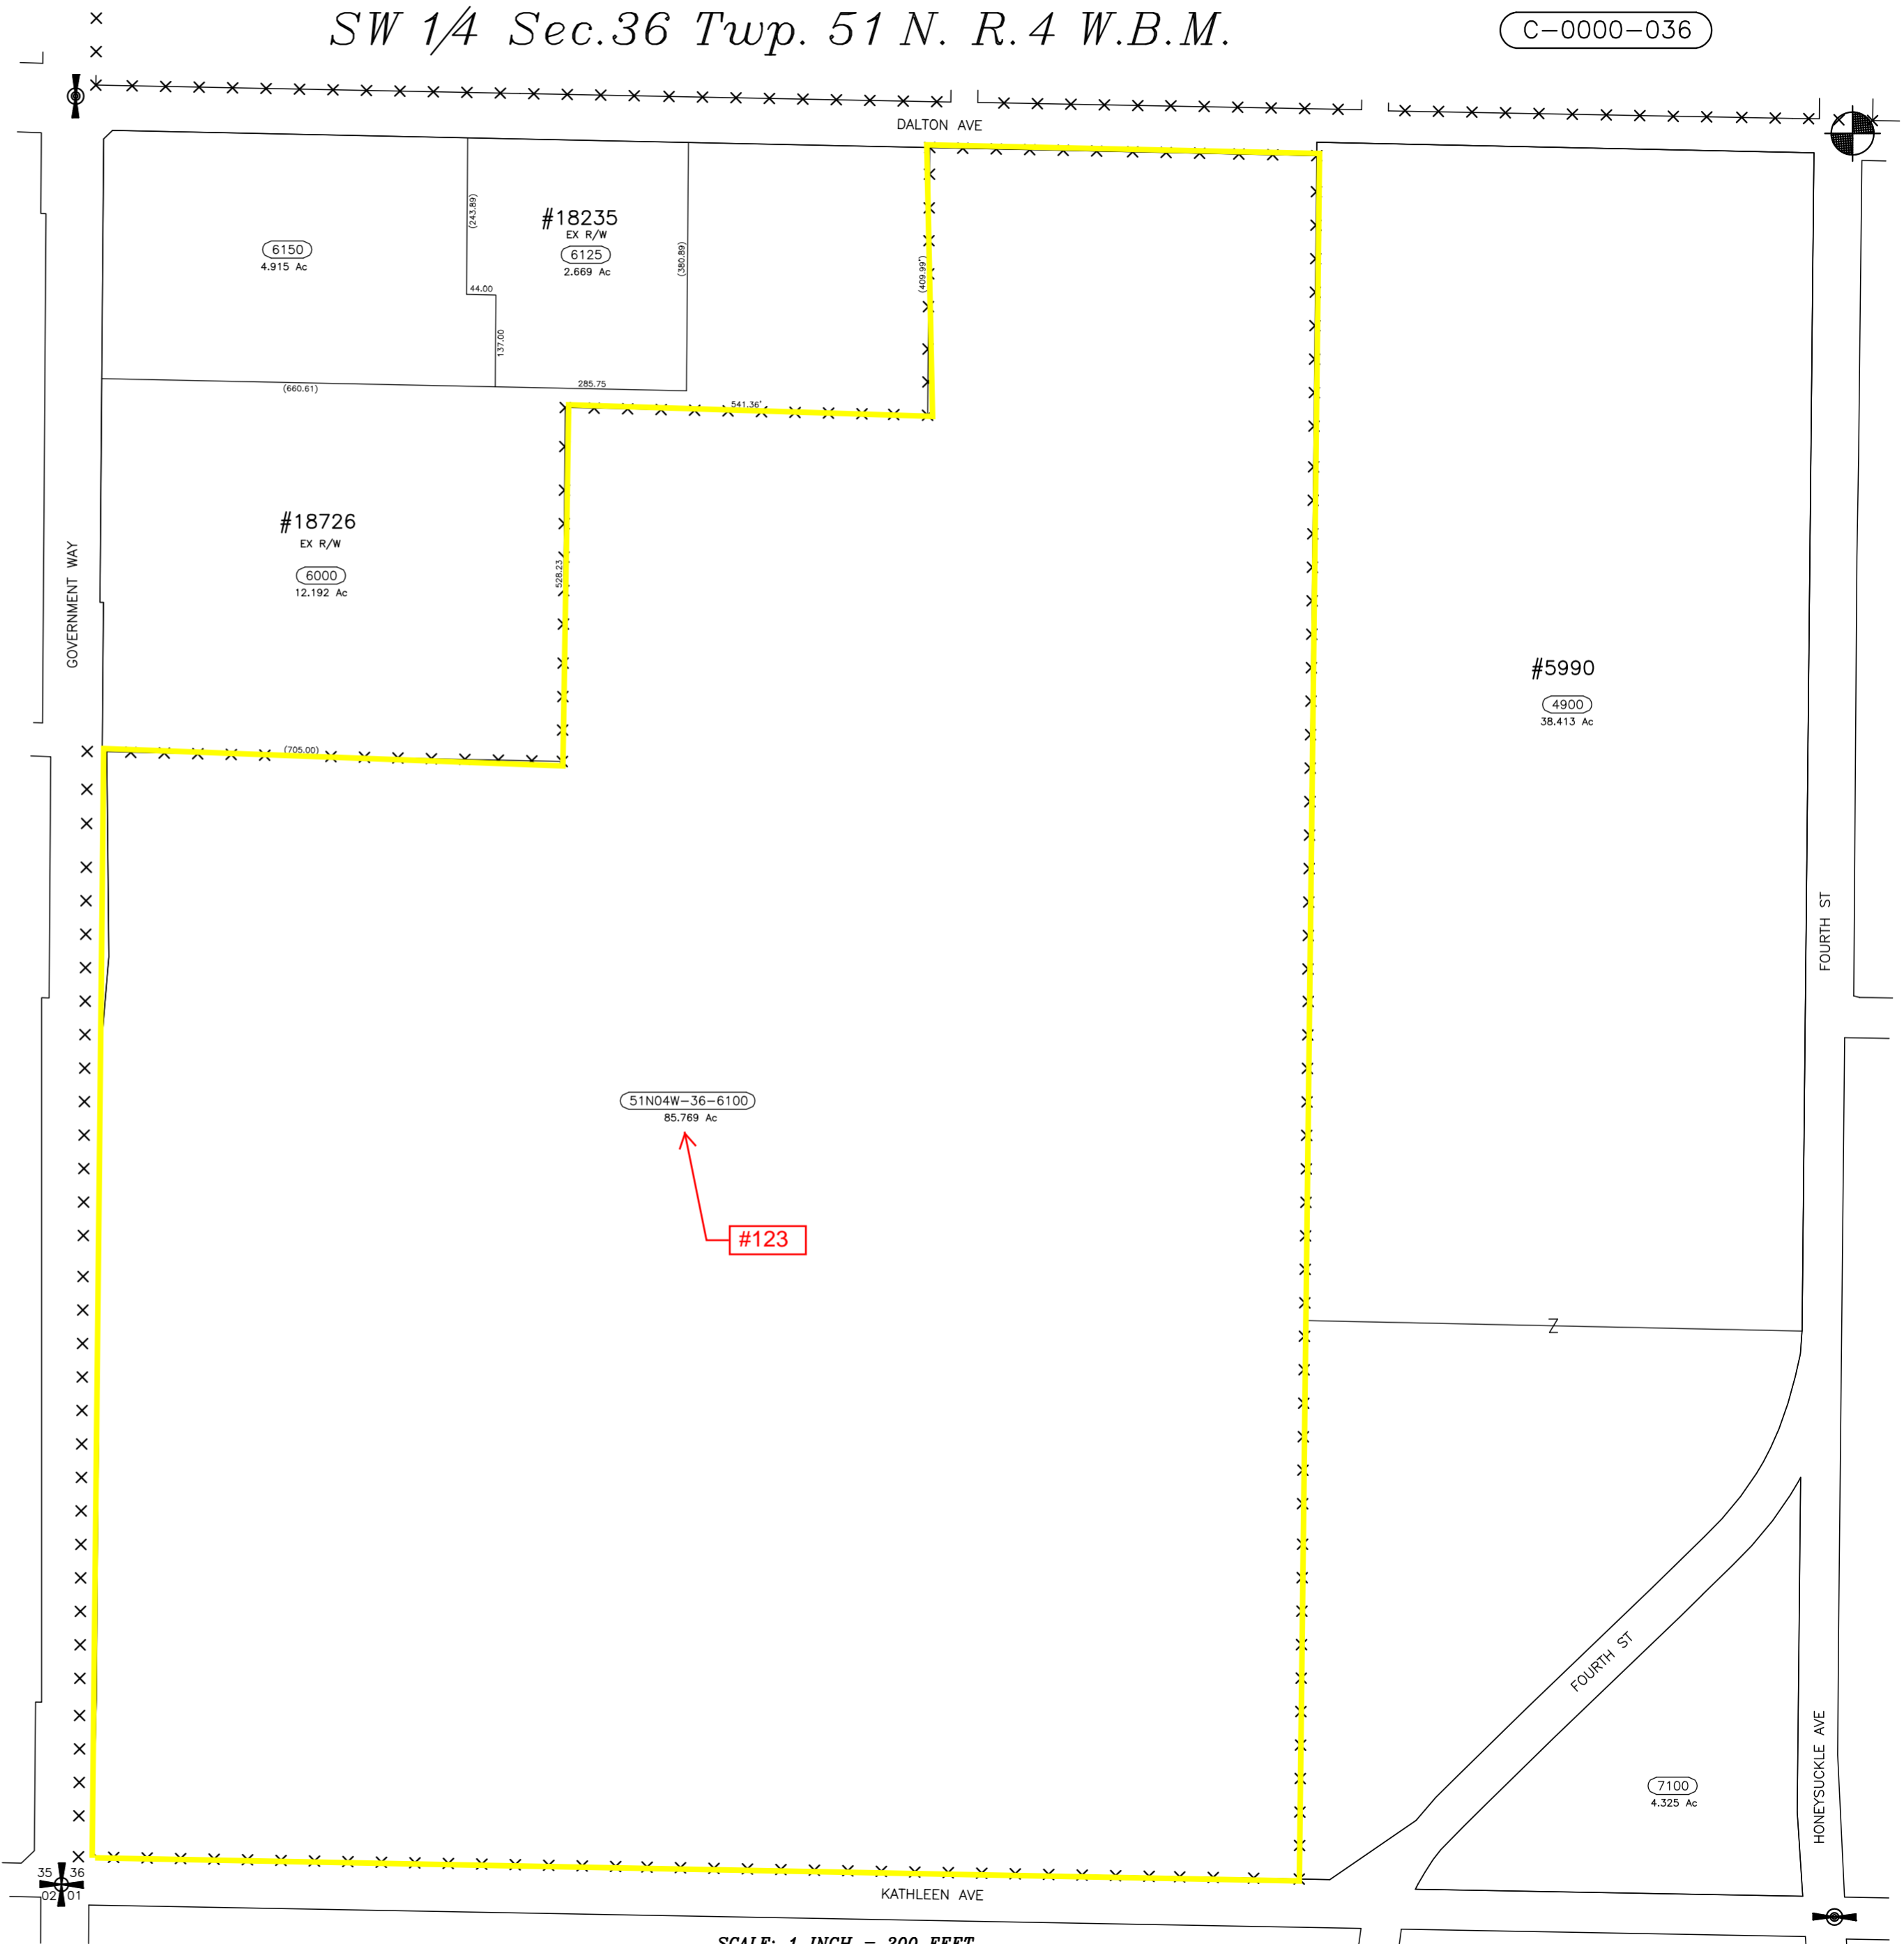

LOCATION OF ROADS SHOWN ARE BASED ON ADDRESSABLE ROAD INFORMATION AND MAY OR MAY NOT BE PUBLIC.

Notes:

Parcel areas have been calculated by traverse closure when sufficient information has been available. Area shown is Net Assessable Area, Right-of-Way, where applicable, has been subtracted. Distances and curve lengths less than 50' may not be shown due to scale limitations. Dimensions in parenthesis denote record and/or platted lot dimensions.

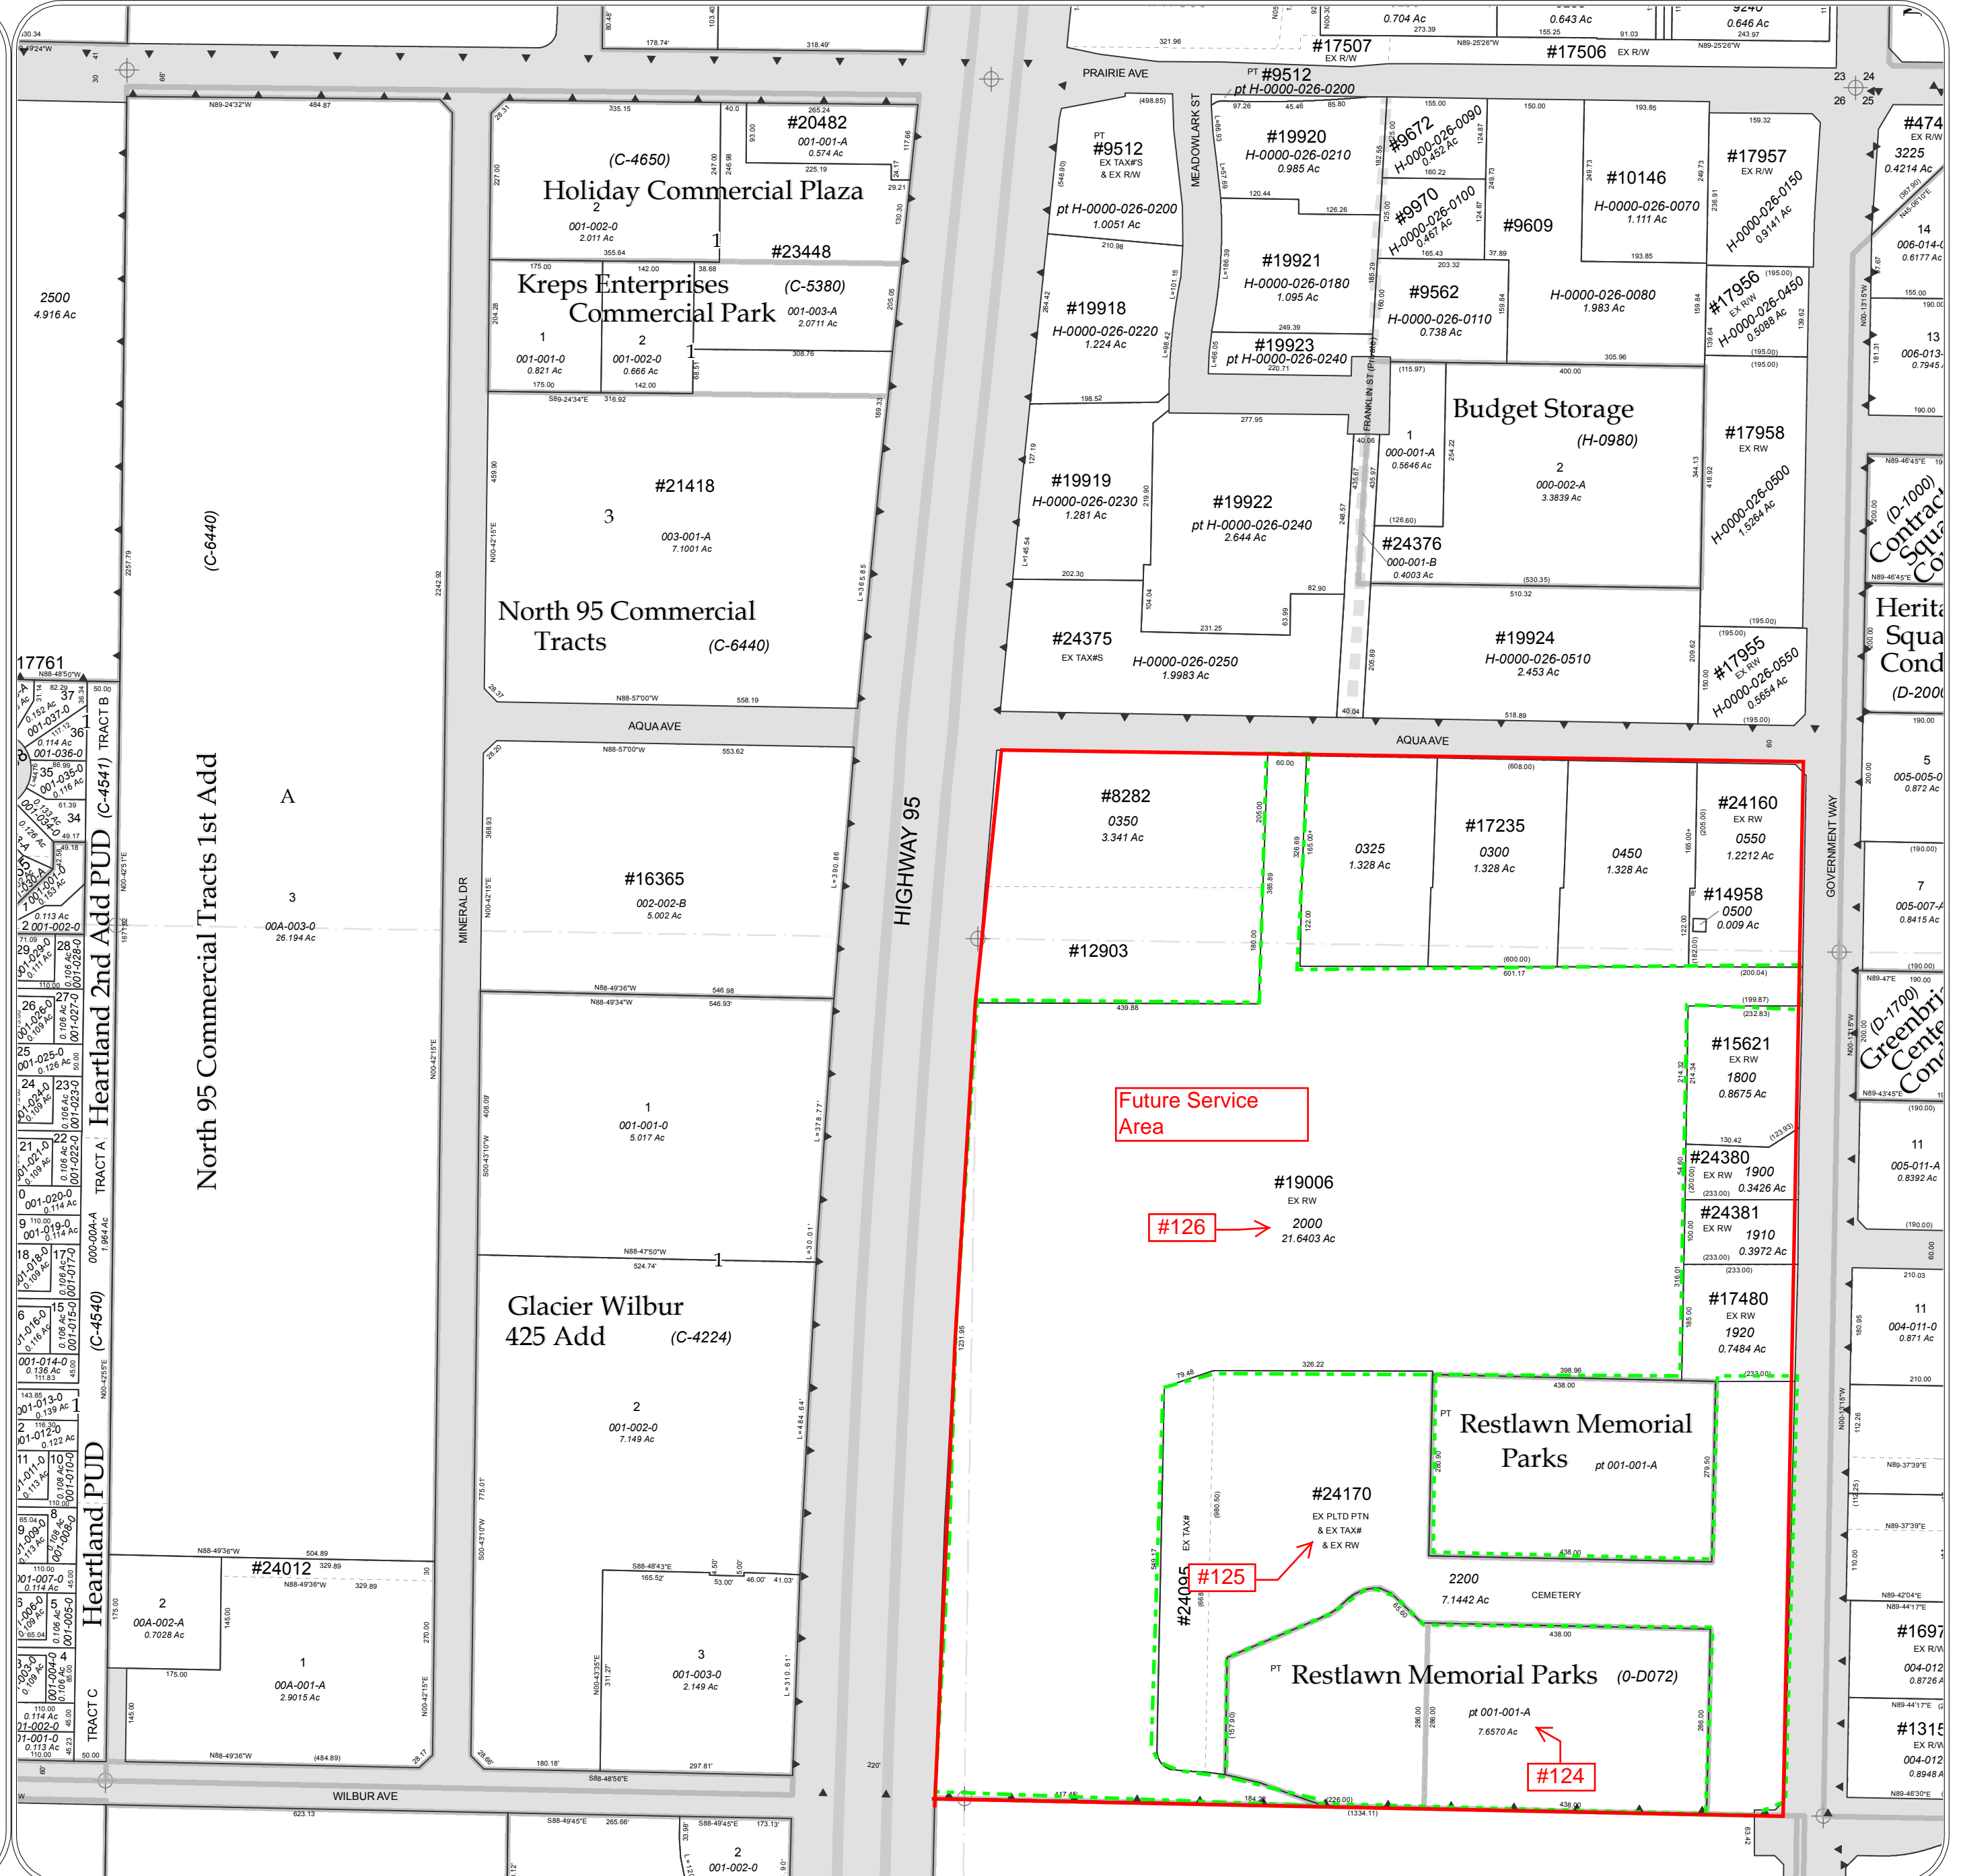

LOCATION OF ROADS SHOWN ARE BASED ON ADDRESSABLE ROAD INFORMATION AND MAY OR MAY NOT BE PUBLIC.

Parcel Identification Number (PIN) are comprised as follows:
Platted: Sub-code and Parcel ID# ex. C-3510 and 021-999-C Resulting PIN = C-3510-021-999-C or C3510021999C
Unplatted: TwpRngSec and Parcel ID# ex. 50N03W-16 and 7950 Resulting PIN = 50N03W-16-7950 or 50N03W167950
