Community Service Awards

**Tom Greif, City of Coeur
d'Alene, ID, FD**

**\$250/
award**

He developed the department's ALS training program to add nine new paramedics, works with the rural and volunteer departments in the county, and teaches many classes. He was instrumental in getting an ordinance passed to mandate first aid/CPR certificates for day care providers to obtain a license. He also serves as union president, improving on the strong labor/management relationship.
