A new Atlas Waterfront Public Meeting Summary has been posted on the Atlas Waterfront main page.

Downtown Parking Frequently Asked Questions

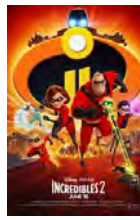

Frequently asked questions and answers regarding Downtown Parking have been added to the City of Coeur d'Alene website. Please visit www.cdaid.org/Parking FAQ for more information.

PD Family Movie Nights in City Park

Bring your family, lawn chairs, and blankets and enjoy a night under the stars at City Park watching kid-friendly movies hosted by the CDA Police Department! On Saturday, July 13th, the PD will be presenting “Mary Poppins Returns,” and on Saturday, July 20th, you won’t want to miss “The Incredibles 2.” Movie start time is at 9:00 p.m.

SAVE THE DATE—PARK(ing) it on Sherman!

The 5th Annual PARK(ing) it on Sherman Block Party, hosted by CDA 2030 and the City of Coeur d'Alene will be held on Friday, September 20, from 4 to 9 p.m., at the intersection of 14th Street and Sherman Avenue.

More details will be coming soon!

Library Goes Fine Free!

CDA and Lake City public libraries have gone fine free for all ages as of June 3, joining a national trend and a change in policy by several other area libraries. The libraries will, of course, continue to track when items are checked out and the

Tell us a little bit about your education and experience: I developed an interest in computers back in high school. I bought my first computer in 1996 and a good friend coached me along until I was mostly self-sufficient. After I learned some of the basic troubleshooting skills, I decided to make a career change from grocery to technology. In 1998, I started working in Liberty Lake at a software support center where I honed my troubleshooting skills supporting Microsoft Windows, Office, and Microsoft games and hardware. I also worked at one of the local computer shops in Coeur d'Alene where I did more hands-on system building and troubleshooting. I stayed there until I was hired by the City of CdA in 2008.

What are your current job responsibilities and how are they integral to the Police Department? I install, maintain, troubleshoot, repair and upgrade desktop PCs, servers, laptops, in-car computers and video systems, in-car network equipment, VOIP phones, software and peripherals. For all of public safety, we try to keep the computers and software running as well as possible — it’s one less thing they need to worry about when they are on call.

failure to return material will have consequences. If a patron has overdue items on their card they can be blocked from checking out more items and from using library computers. Patrons will continue to be financially responsible for lost items. Library Director, Bette Ammon, said, "We anticipate more people using the library. Eliminating fines can really change the way people use libraries and we're excited about that." For more information, call 208.769-2315.

Story Time at the Coeur d'Alene Carousel July 20

Join "Miss Mandi" at the CDA Carousel, 439 W. Fort Grounds Drive, for story time and a carousel craft to take home on Saturday, July 20, from 10:30 a.m.—11:30 a.m. While the craft and story time are free, the cost of a carousel ride is not included in the story time. The CDA Carousel parking lot is paid parking. If your child is interested in earning a free carousel ticket, they can do so through the library's summer reading prize program, which began on June 1st. Children who read 12 hours this summer earn a free CDA Carousel ticket! For more information call 208.769-2315.

Tubbs Hill Hike and Author Talk with Jennifer Pharr Davis on July 27

On Saturday, July 27, from 10 a.m. to 2 p.m., Jennifer Pharr Davis, a long distance hiker, author, speaker, National Geographic Adventurer of the Year, and Ambassador for the American Hiking Society, will lead a hike on Tubbs Hill beginning from the Library, and at 1 p.m. will discuss her new book, "The Pursuit of Endurance: Harnessing the Record-Breaking Power of Strength and Resilience." Participants are invited to bring their lunch to this brown-bag event. For more information, call 208-769-2315.

How has technology changed over the last 10 years as it relates to the IT field? Ten years ago, we had large desktop computers and flip phones as a way to do city business. Today we have computers in city vehicles, data going to smart phones, and we are more connected than ever before. In IT, we have to keep up not only with current trends but with what the future holds. We handle large amounts of data like video, audio and photographs that may not only be used at a job site, but could also save a life.

What do you love about Coeur d'Alene? I grew up in the area and it just feels like home to me.

What about your family and interests? I have a beautiful wife of 15 years, and a wonderful daughter. When I'm not working, I like getting out and mountain biking and hiking in the area.
