APPLICATION DOCUMENTS:

A. Purpose Of Application Submittals:

Development applicants shall seek to engage with the City review processes as soon as possible, before numerous substantive design decisions are made and fixed. Therefore, initial meetings with the City shall not include definitive designs, but rather broader descriptions of the development program and objectives, the constraints and opportunities presented by the site, and an analysis of the neighborhood setting that surrounds the site. The City intends to work in a collaborative fashion so the outcome can meet both the goals of the City and the Applicant; as well as address the concerns of people who live, and own property and businesses in close proximity to the development.

The Applicant must be willing to consider options relative to basic form, orientation, massing, and relationships to existing sites and structures, surrounding street and sidewalks, and how the building presents from a distance. Accordingly; renderings, models, finished elevations, and other illustrations that imply a final design will not be accepted at initial meetings. As the review proceeds and the Applicant receives direction from the Commission, more detail will be requested to include any required modifications.

B. Materials To Be Submitted For Pre-Application Meeting With Planning Staff:

A pre-application meeting with the Planning Staff is required before the first meeting with the Design Review

Commission. In order to schedule a pre-application meeting, the Applicant must submit:

1. A site map showing property lines, rights-of-way, easements, and topography.
2. A context map showing building foot prints and parcels within 300 feet.
3. A summary of the development plan including the areas for each use and number of floors, etc.
4. General parking information including the number of stalls, access point(s), and whether the parking will be surface or structured parking.

C. Materials To Be Submitted For Initial Meeting With Design Review Commission:

1. An ownership list prepared by a title insurance company, listing the owners of the property within a 300' radius of the external boundaries of the subject property. The list shall use the last known name and address of such owners, as shown on the latest adopted tax roll of the county.
2. A map showing all residences within the subject property and within a 300' radius of the external boundaries of the subject property.
3. Photographs of nearby buildings that are visible from the site including a key map.
4. Views of the site including a key map.
5. A generalized massing, bulk and orientation study of the proposal.
6. An elevation along the block, showing massing of the proposal.
7. A list of any "design departures" being requested.
8. All revisions to the materials submitted for the pre-application meeting.
9. A summary of the proposed project.

D. Materials To Be Submitted For Second Meeting With Design Review Commission:

1. A site plan with major landscaped areas, parking, access, sidewalks, and amenities.
2. Elevations of the conceptual design for all sides of the proposal.
3. Perspective sketches (but not finished renderings).
4. A conceptual model is strongly suggested (this can be a computer model).

E. Materials To Be Submitted For Final Meeting With Design Review Commission:

1. Refined site plan and elevations.
2. Large scale drawings of entry, street level façade, and site amenities.
3. Samples of materials and colors.
4. Finished perspective renderings.
